Education

Computer and Network Engineering

2015 - 2018

Cileungsi State Vocational High School 1 | Cileungsi, Indonesia

Cileungsi State Vocational High School 1 was established in 2013 on the initiative of Cileungsi Sub-District Head Mr. Beben Suhendar. At that time, Cileungsi had high potential in the industrial sector and was supported by many human resources of productive age but still lacked vocational education institutions. So that this potential has not been maximally absorbed by the people of Cileungsi.

Computer Science

2022 - 2023

Pakuan University | Bogor, Indonesia.

Pakuan University (UNPAK) is a continuation of Bogor University (Unbo), which was active for almost two decades until 1980. In 1977, several private universities fused with this university, namely the Tourism Academy, IKIP PGRI, Foreign Language Academy, International Management Secretary Academy, and Islamic Academy of Religious Sciences, with the organizing body Bogor Higher Education Foundation (YPTB).
